

# AIRPORTS OF THE WORLD

**Airports of the World** APR 20 issue features Toronto's airports in this issue... with a massive Air Canada plane on the cover!. **Airports of the World** is a bi-monthly magazine which provides an in-depth look at the layout, activities, aircraft, airlines and people at a wide selection of the world's airports. Each issue is packed with: Comprehensive up to the minute news; Features on airports from around the world; Real life stories from airport staff - behind the scenes; The history of airports; Best places to spot aircraft in and around the airport; Travel tips - places to visit in the vicinity; Interviews with key industry personnel; The latest technological innovations; The modern airport as a small town - shopping, relaxation, entertainment, eating and drinking; Future developments; Reviews of related products, books and DVDs.
